38/10, 2nd Floor, Tilak Nagar, MG Road,
Goregaon West (Mumbai-400104).

About Me

Through the canvas of creativity, I blend colors, shapes, and motion to bring stories to life. As a Graphic and Motion Designer, I believe that every pixel holds a purpose and every frame has a feeling. From static visuals that catch the eye to animations that speak without words, I love making designs that pop, scroll, loop, and live in people's minds long after the screen fades.
